PERSONAL PROJECTS

Student Management System
- This is my final year project(mini-project). Users can create simple data management and store student data on this platform. It has anomalies such as inserting, deleting, viewing, selecting, and deletion of the entire database.
- Technologies used: Python, Tkinter library, SQLite database.

INTERNSHIP

Diacritech Technologies.
Chennai, India.

11/2022 - 12/2022

Achievements/Tasks
- Gained knowledge and understanding of how an organization works and software development.
- Developed strong communication and interpersonal skills.
- The Biggest challenge that I faced was a lack of experience, Technical and business opportunities.
